BRILLIANT INNOVATION, PERFECT EXECUTION

# FOUNDATIONS

More than 30 years of mold making and injection molding expertise makes DLG Tactical a domestic powerhouse in production of polymer firearms accessories. We are proud of our design team focusing on user friendly, elegant and sturdy gears. Our fully integrated facility (in-house R&D, mold making and injection molding) gives us the edge on flexibility, agility and total control of the entire manufacturing process.

Our mission is to continuously challenge ourselves to create better quality and more reliable products. Our orchestrated business processes give us an edge in optimizing cost and quality through coherence in design and manufacturing. In addition, our capability to customize according to customer requests is unsurpassable.

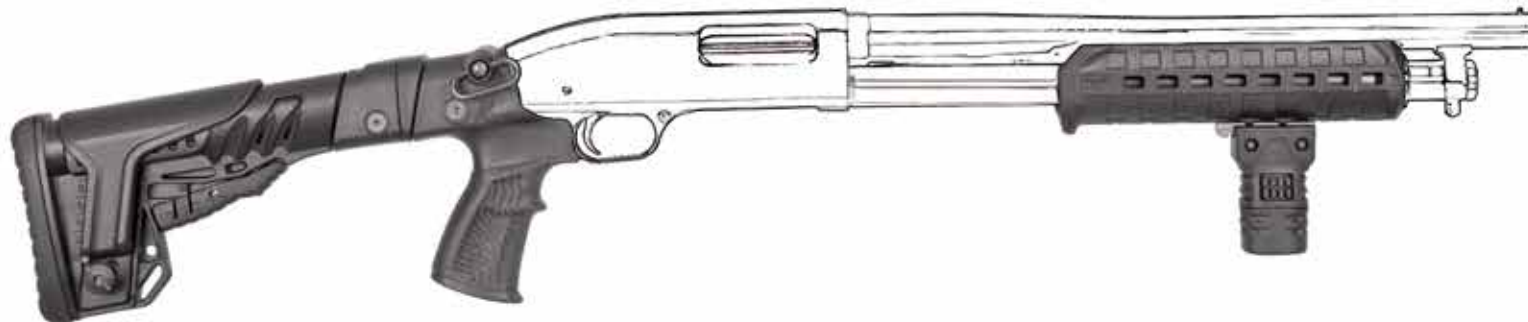

Incorporating the design, mold making and injection molding under one roof, DLG Tactical creates a synergy that results in innovative and elegant products in a cost efficient manner. Our flexible and agile production capabilities and top-notch communication give us the edge in collaborating with other businesses on the most sophisticated projects as a dependable partner.

All graphics in this catalog are provided "as is" without warranty of any kind. DLG Tactical reserves the right to change colors and technical specifications without any further notice.

-
